In the indoor and outdoor area, the MARTINEZ rechargeable luminaire can convince with its puristic design and its ability. Thanks to the battery operation, the luminaire can be placed in a position of your choice without any cables. Whether outdoors on the garden table or indoors on the dresser, the table lamp fascinates with its own very special way. The mobile table lamp, which can be easily charged via a USB-C connection, has a 4-fold touch, which allows the light intensity to be individually adjusted to your needs. In addition, infinitely variable adjustment of the light colour is possible. As the MARTINEZ has IP44 protection, it is protected against splashing water and can be used outdoors without hesitation. The simple design with white lampshade and black matt metal sets decorative accents with feel-good character in your outdoor and indoor area. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
