Flexibility and functionality are the main features of the SANCHEZ table lamp. The battery of the luminaire, which can be easily charged via the USB-C connection, allows flexible placement without cables wherever a cosy lighting atmosphere is needed. The luminaire has an RGB colour changer and an integrated dimmer that adjusts the light intensity to your needs. The infinitely variable adjustment of the light colour ensures an individual lighting atmosphere in your indoor or outdoor area. The simple design in white matt sets decorative accents with a feel-good character. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
